

SIGN TO SAVE OLD STILTSVILLE!!

(Please sign petition, to help save these cultural and historic sites from destruction!!!!)

Each of the undersigned (1) is aware of the area in North Biscayne Bay in Miami known as "Stiltsville" consisting of seven remaining wooden structures located approximately one mile South of the South end of Key Biscayne, Florida, and (2) is aware of the decision of Biscayne National Park, the National Park Service and/or the U.S. Department of the Interior to not extend the private leasehold interests for the seven remaining Stiltsville homes beyond December 1, 2000.

Each of the undersigned firmly and strongly believe that each of the seven remaining Stiltsville structures (1) have unique and significant historic and cultural value to the United States including South Florida, (2) are well-known landmarks and are and have been an important part of Miami's landscape and lore, (3) do not in any meaningful way negatively impact the environment or ecological assets of the North end of Biscayne National Park with any negative impact being far outweighed by good, and (4) do not detract from the character of a pristine and public property, that being the Biscayne National Park.

Each of the undersigned urgently and forcefully requests Biscayne National Park, the National Park Service and the U.S. Department of Interior to renew and extend the private leases for the seven remaining Stiltsville homes. Each of the undersigned has only signed one of these petitions.
